SMALTO LINEA PESCA – FISHING LINE ENAMEL – EMAIL LIGNE PECHE – ESMALTE LINEA DE PESCA

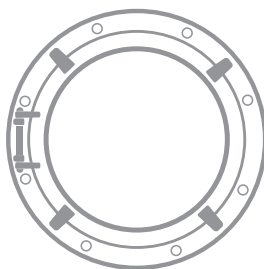

Smalto di finitura sintetico monocomponente

Finitura monocomponente alchidica lucida, con buona resistenza all'esterno e all'ambiente marino, ottima per legno e ferro, preventivamente trattati con fondi idonei. Smalto caratterizzato da ottima resa ed elasticità, risulta di facile applicazione e versatilità, anche in ambito nautico dove può trovare impiego nella manutenzione a bordo di strutture. **Non idoneo a servizio in immersione o alla pitturazione di superfici in splash zone.**

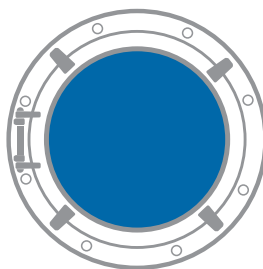

One component synthetic Topcoat Enamel

One component alkyd synthetic enamel with good resistance in exteriors and in marine environments, special for wood and steel, previously prepared with suitable primers. Enamel providing very good spreading rate and elasticity, easy application, versatile product for structure maintenance.

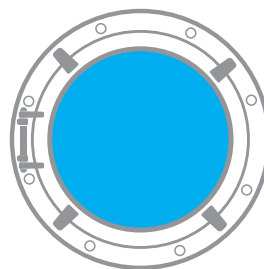

Do not use on immersed parts or on surfaces in splash zone.
